

GT3 Update #1

Greetings!

This is the first newsletter of the update process on bringing the GT3 to market. There is one very important message we want to try and implement.

KR Models would like to express their sincere gratitude for your interest in being a part of the GT3 project. At this time, we are needing to know the number of serious buyers of the finished GT3 model. If there are too

many that drop out then it could jeopardize the whole project. There needs to be a minimum number of customers before the project can go ahead.

If you wish to delete yourself from the customer list, then please click on the unsubscribe link at the very bottom of this email.

Payment Process

After you have paid the initial deposit, there will be a series of payments as the project continues. Details will be in the 'deposit request' email. We are trying to make it an affordable hobby

Future developments

We are currently working on a side project that will complement the GT3. A further announcement will hopefully be coming soon.
