Clayton DHP1

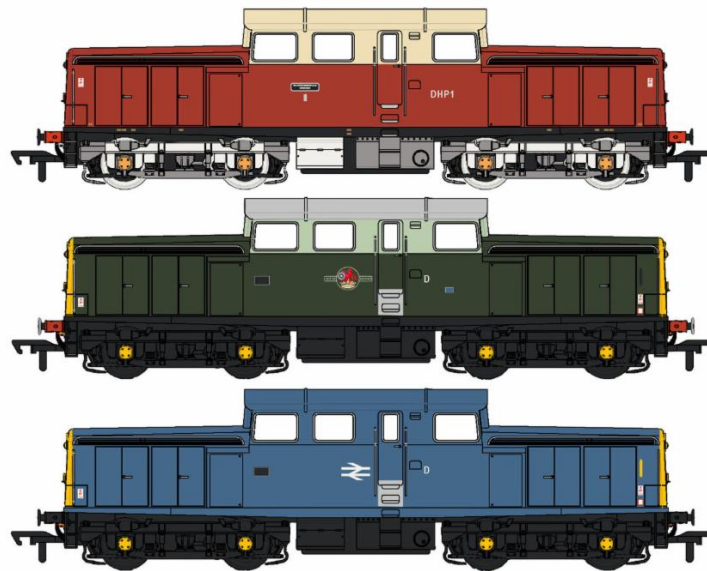

We have continued to work on the Clayton Project.

We will be offering the running prototype salmon and cream livery. We will also be offering the never used BR Green late crest and the BR Blue liveries.

We know it's been very quiet on the DHP1 model, but the tooling is underway now, and we should have a sample very soon.

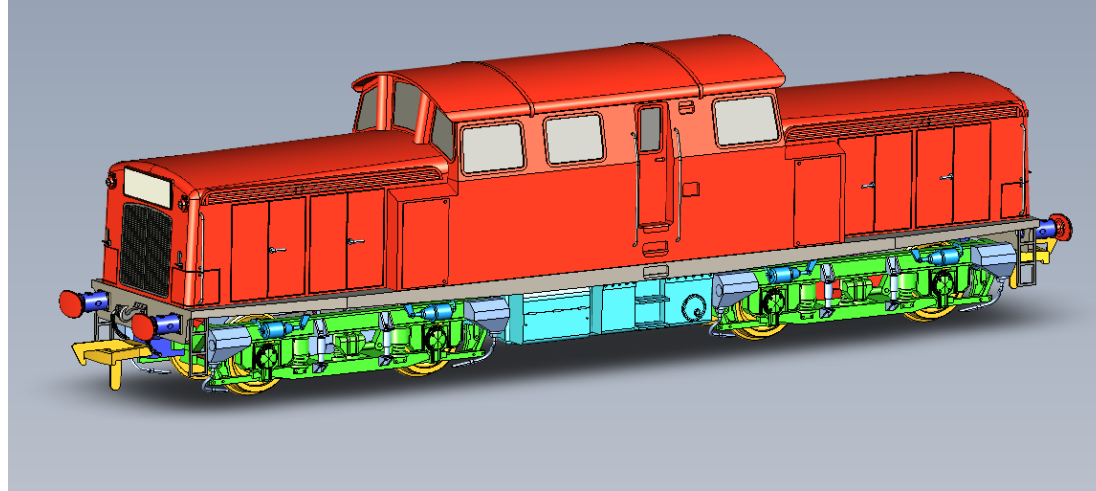

Sales have been very strong for the model. The BR blue is almost sold out with the last remaining Green and prototype models still available.

The order book is now open at **Clayton DHP1**
Reserve yours NOW !!

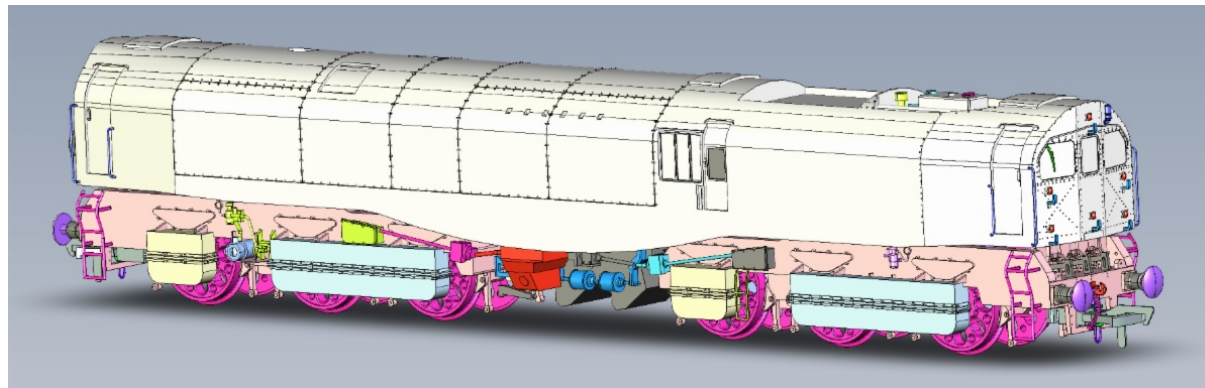

Model Specification

- 21-pin DCC socket with easy access
- Directional LED Lighting
- Heavy die-cast metal chassis with central motor and flywheels giving powerful performance
- Separately fitted wire handrails and sandpipes
- Etched grilles
- Sprung buffers
- Flush glazing
- Available in OO Gauge.
- DCC Ready (£160.00), DCC Fitted (£190.00), and DCC Sound (£260.00).

SR The leader

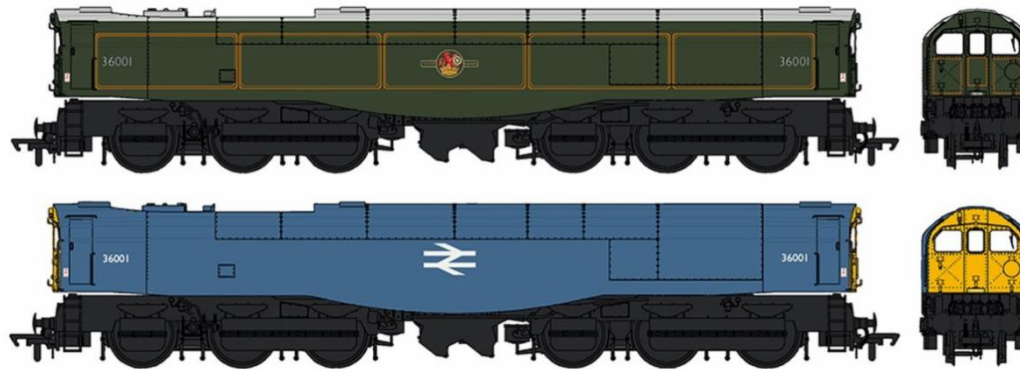

The CAD's are now complete and we can now go right into tooling.

With the response that we have received so far with our initial announcement that we are making the Leader, it has been overwhelming. The Leader will be offered in OO gauge only, but we will have an expression of interest link open for the N gauge version. We can reveal that we will be offering it in both the prototype grey and BR Black early crest liveries. It will be available in DCC ready, DCC Fitted and DCC Sound.

NEW LIVERY.

We are happy to announce that we are completing the livery variants to fill the timeline. Both are now available to order from the website. Numbers will be limited to 200 models per livery.

We are now able to update you with the plan going forward. The order book is now open. There will be 3 versions available, DCC Ready £185.00, DCC Fitted £215, and DCC Sound £285.00. Available in prototype grey, early crest grey, and BR Black Early crest.

Consett Iron Ore Wagon

As you can see the decorated samples have arrived for the Consett ore wagon Load. We have almost completed production and assembly. The loads just have to be added during the packing process. Then we'll be ready to ship. Delivery is expected before Christmas. This is subject to change.

Last few remaining.
The 9 car Rake are almost sold out.
Order NOW to avoid disappointment.

English Electric - GT3

An update on the 2nd production of the GT3. Both production and assembly have been complete. Packing will commence this week. Delivery is expected in December.

The order book will be closing soon for the 2nd run as sales have been very strong and demand has been high.

[GT3 2nd Production Order Link](#)

Following customers requests, we have launched the GT3 in BR Blue. This model looks stunning in the BR Blue format. There is only a few left to order. It is limited to only 200 models, and we are 93% sold. So only 14 left. The order book for this model is also open, please use the link below to pre-order this model.

GT3 BR Blue

THE FELL

The production has started and delivery is expected in April. This is subject to change.

Bellerophon

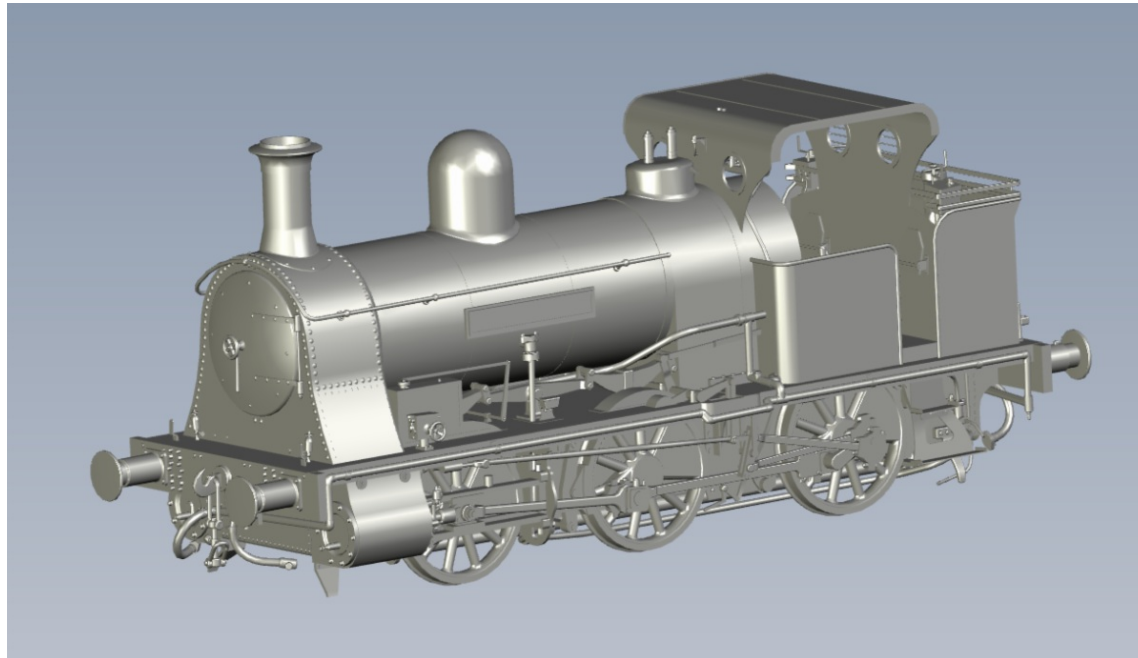

Following the announcement that we are making Bellerophon

in OO gauge, we had the preserved loco 3D scanned. We did this to ensure that all of the wonderful detail was captured.

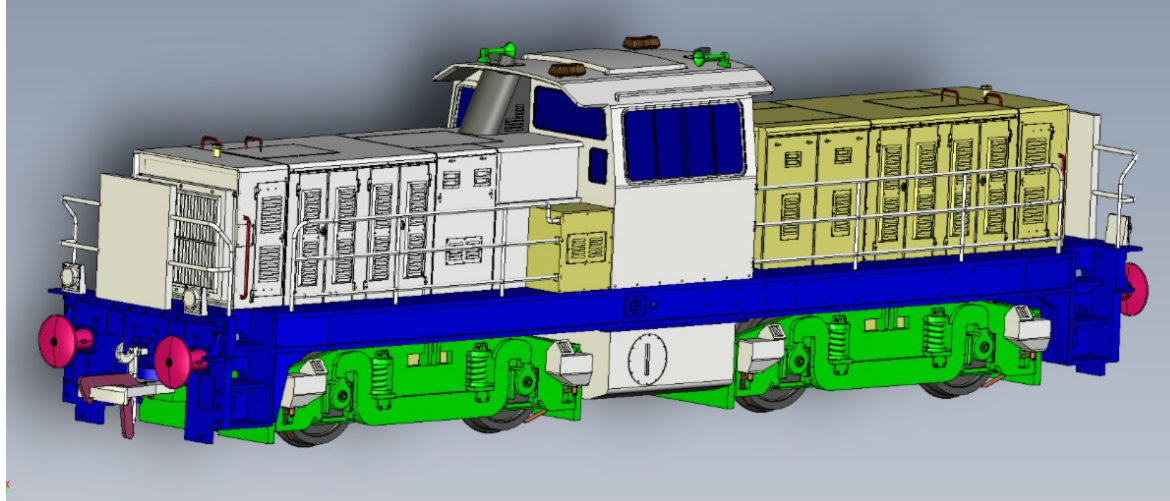

The order book is now OPEN.

Pre-orders have been very strong with the early delivery light brown livery almost sold out. There are limited quantities for all the liveries, and they are going fast. Tooling will commence very soon, once we have signed off on the CAD's.

Bellerophon - Pre-Order here

With progress moving along at a pace with the Hunslet BO-BO, we can now release more updates from the latest set of CAD's. There will be 3 model variants with 4 livery options. Artwork will be announced very soon
