

WE DARE TO BUILD

Our latest Newsletter #33

April 2022.

It has been a very busy and challenging month.
We have delivered all the Consett's now. We must apologise
for the issue with Pack B and the missing loads. If you are still
missing a load, then email sarah@krmodels.co.uk

The Leader 1st EP Sample

First impressions look very good. There is good weight to the model which will give it great traction. This is due to the full cast chassis. There is also some great detail to the chassis and body.

For those who have placed your order, we thank you. For those who haven't, here is the link to pre-order your model.

The Leader order page

The Clayton DHP1

As you can see from the 1st EP sample, progress is moving along apace. It runs great through 1st radius curves, so would be great on a small layout.

There are still a few left to pre-order. Please use the link below to secure your model.

Clayton DHP 1 Order Book

Bellerophon

As of today, the Consett Ore wagon shipment is on route to the UK. This is subject to delays. We hope to deliver all orders at the end of February. There is a large volume of orders to process so please be

patient. We will be re-opening up the order book after the deliveries have been completed.

We are producing 4 colour liveries.

Order Book

The Fell Update.

Production is complete and assembly is underway. Due to factory shutdowns due to the spread of Covid-19, there has been a short delay in the shipping of the Fell. We are working very closely with the factory to keep things moving along. But the shutdown is total right now, until numbers decrease. Therefore we don't have an updated delivery date.

SR 4DD EMU

Following our announcement last year of the Bulleid 4DD EMU, interest has been very strong. Tooling has begun and we should have samples in about 6 months. Therefore we have a 12month instalment plan for ordering.

The CAD drawings are almost complete and look very interesting.

There will be lighting in all 4 units. We are researching including seated figures in model.

There are two examples still in existence that have valuable in the research in this project. The Bulleid 4DD Double Deck Group have been instrumental in getting this model to where we have it now. The CAD's are being made now.

Prices will be £375 for DCC ready, £410 for DCC fitted and £475 for DCC sound

The order Book is now open !!

BR Palbrick B wagon.

We are very pleased to announce that we are producing the BR Palbrick B wagon. In both complete and frame models. These are available to reserve now as we have the EP sample. The decorated samples should be soon, quickly followed by the full model. Delivery is expected in summer 2022. This is subject to change.

The prices are 3 wagons for £60.00 plus shipping.

Order NOW to avoid disappointment.
